SPIRITUALITY

Spirituality is ones
quest to improve one's
own innerbeing and
enlighten and brighten
the lives of others.
The Ranger depicts
these characteristics
to the fullest in
how he adepts to
his surroundings.
Skara Brae is the city
that upholds this
virtue and Hythloth is
the dungeon that is it's
opposite. This white
hued shrine is located
far to the east of
Skara Brae, and North
of Trinsic. It features
a marble platform,
sparkling, with steps
leading to the top and
signs nearby
revealing clues on how
to do so. In Fell the
shrine has turned a
shade of Black.

Spirituality is the
very heart of the
virtues; it combines all
three principles.
Spirituality comes
when you in act the
virtues in a calm,
serene and well
through manner.
Spirituality is the
grounds where all the
other virtues sprang.
